

JCLII Industrial Counting Table Scale

Description

- Large LCD display, LED backlight function
- The power supply is selected by charging and plugging, eliminating power supply instability and power outages
- Single-point and multi-stage calibration to ensure accuracy
- Three-stage weight warning function, which can set upper limit, standard and lower limit warning functions. The weighing reaction speed can be adjusted according to the use environment.
- Automatic zero tracking, pre-deduction function
- Optional products: RS232 (can be connected to a computer, printer)

Specifications

Model	JCLII-1.5K	JCLII-3K	JCLII-7.5K	JCLII-15K	JCLII-30K
Capacity	1.5	3	7.5	15	30
Division(kg)	0.1	0.2	0.5	1	2
Weighing Pan(mm)	210 × 290				
Operating Temp (mm)	341 × 294 × 104				
Display	LCD(67 × 23)				
Power Supply	AC 110V/220V or rechargeable battery (6V/4AH)
